

The Ranger Report

Introduction:

The Ranger Report is a way for the author (The Angelus) to keep a written record of all of the events occurring in Ranger as a part of Animal Crossing: City Folk. Occasionally, the author will also post screenshots from that day and of any items that she deems necessary to be in the report. It is her hope that she will be able to share her love of Animal Crossing with others and that her records will also assist in any research that she might do.

Theme of Ranger:

There is an overall theme to the town in most things created by Angelus. The main theme is Power Rangers. There are, however, some secondary themes worth noting. Angelus' personal flag is the half-helix from Heroes. The town flag is the symbol for the Deathly Hallows from the Harry Potter series. There are also some references to Teenage Mutant Ninja Turtles as well as words from other languages. It is her goal to make all constellations under the primary theme. Also, Angelus' clothing is modeled after the Violet Wolf Ranger from Power Rangers: Jungle Fury.

NOTE: THE AUTHOR DOES TIME TRAVEL.
